

ISTE Seal Benefits for EdTech Providers

What is ISTE?

The International Society for Technology in Education is a nonprofit organization that focuses on accelerating innovation in education through the smart use of technology. In 2023, ISTE and ASCD merged, bringing together expertise in technology and innovation with deep knowledge of curriculum and instruction. As a collective organization, they are setting a course to design the future of education by preparing educators to use effective pedagogy practices supported by technology.

What is the ISTE Seal?
